

(The witness) I told Mr. Barrick I went to Dr. Chase the other week. I said, "Doctor Chase, do you feel I am doing anything I shouldn 't?" He knows Mother's condition. He said, "No, you shouldn 't have any feeling like that, because at times your mother is not able and capable."

MR. BARRICK: I think Mrs. Shoemaker is very conscientious and it has disturbed her to have these proceedings.

A Yes, it really has. But in talking with Dr. Chase a couple times I feel if he feels that way and talking to me he has told me if you wouldn 't be concerned about your mother I don't think you would even, you know, want to do anything. " But I said I just hope that what she has can see her through her lifetime.

Q Where do you live, Mrs. Shoemaker?

A Yellow Springs - Bethel Road.
